May 21, 2021

Dear Partner,

Effective Tuesday May 25, 2021 consignees can return to the Port of Bridgetown for the collection of personal effects at Shed 2.

Entry into Port will be by appointment only.

Consignees should first track the status of the cargo via [Cargo Tracking | Barbados Port Inc.](#) to ensure it is available for collection, before proceeding to make an appointment.

The portal does not allow for completion of the appointment process for cargo which is not ready to be delivered.

Please be advised the number of persons allowed in the Shed at any given time will be limited to 15, in observance of social distancing protocols.

The Home Delivery Service is now optional and may still be utilized if desired.
